

DIY Dig @Home

Supplies Needed:

Sand Water Cornstarch
Small items

- With the help of an adult, combine 3 parts sand, 2 parts cornstarch, and 1 part water. Mixture should have the consistency of soft serve ice cream - add small amounts of any ingredient to make adjustments
- Pour mixture into container
- Press down small items like pebbles, legos, marbles ... anything you would like to excavate later, or have your adult surprise you.
- Let it dry for a couple of days
- EXCAVATE! Possible excavation tools include popsicle sticks, spoons, rocks and sticks
